

Access one of the most comprehensive lists of Minnesota Legal Professionals

Overview

The Minnesota State Bar Association (MSBA) makes certain membership information available to organizations that align with the mission and goals of the MSBA on the condition the promotional information is deemed useful or relevant to our members. Please note that all mailing list sales are subject to approval and the MSBA reserves the right to deny any list request. Since the MSBA is a voluntary association, not all licensed attorneys are members, but a majority of licensed attorneys do belong to the MSBA. Your promotional materials have the potential to reach approximately 17,000 legal professionals. Our database is updated daily to ensure member information is correct and up to date. Due to the daily update the actual number of names on each list may differ from the number listed under the approximate number of records.

Mailing List Selections

Because list sales are not a primary objective of our nonprofit organization, we do not have staff time to process rush orders, special requests, key code labels, provide technical support, submit files via a web upload, create special merge files, or remove duplicate names. For example, if you request a list of lawyers by several practice areas and a lawyer practices in more than one area, a lawyer may be on several lists. *We only offer excel files containing physical addresses, so please make sure you have the technical staff available to accept this format before placing your order. We do not sell email addresses.*

The following pages provide details on the pre-defined lists available. These lists are sold “as is” and are priced accordingly.

Format Options

Excel file, sent via email.

Delivery Time

Allow five business days for processing after payment has been received and promotional materials have been approved. Rush orders are not available so please plan accordingly.
