

**MSBA Statement of December 14, 2009**

**Regarding Aaron Biber**

The allegations in the Criminal Complaint issued today are deeply troubling. It is important, however, that we respect the legal process and allow the judicial system to resolve this matter.

In the meantime, the MSBA is working expeditiously to suspend Mr. Biber of his duties as Treasurer, including the transfer of his responsibilities to others.

The MSBA extends its concern to everyone involved during this difficult time.
