"Antitrust Issues in the Health Care Marketplace"

Presenter:

Tom Pursell, Lindquist & Vennum, PLLP

Whether you are a health care generalist with questions about the consolidation of specialty physicians, an antitrust lawyer eager to learn about hot antitrust issues in the health care world or a consumer questioning the level of competition among payors in Minnesota, this breakfast CLE will prove thought provoking. Learn about the latest antitrust developments from one of Minnesota's leading experts. Participate in the informal exchange of questions and ideas among colleagues--but without either restraining trade or engaging in concerted activity while doing so.

A breakfast buffet accompanies the presentation. Reservations and payments are required by Wednesday, February 23, 2005. **No refunds after that date.**
