

Your doctor is **certified**.  
Your accountant is **certified**.  
Your mechanic is **certified**.

## Shouldn't your **lawyer** be too?

Minnesota State Bar Association Board Certified Specialists are well prepared even before they take your case. When the attorney you are considering is board certified, it means he or she has completed a rigorous approval process to establish full qualification as a specialist in their legal area.

In addition to an examination and disciplinary check, all MSBA Board Certified Specialists must receive positive reviews from judges and attorneys familiar with their legal skills.

Minnesota State Bar Association  
Certified ▲ Specialist

**MSBA board certified attorneys have taken the extra step. Which is exactly what you want your attorney to do for you.**
